Evo Chair

Our Science.
Your Comfort.

The Evo task chair is engineered with your comfort in mind. Focused on the user experience, it's made for dynamic movement and postures. The unique contoured frame offers comfortable lumbar support for engaged task behaviors, while the arched open-arm facilitates side-seated and multi-direction interactions. A sophisticated thick-seated cushion reduces pressure points and aids weight distribution, with a simple-touch control for effort-free ergonomic adjustment.

Work Better. Feel Healthier.

Evo features weight-activated recline so there's no additional tension adjustment. Intuitive controls, along with specially sculpted and formulated seat foam, create a comfortable sitting experience.

Personalized comfort

Open arms allow for multiple sitting posture and remain lateral when reclining for maximum support

Intuitive options

Easy-to-reach, up-front controls allow fingertip access and ergonomic adjustment

Our design, your comfort

Embrace your personality and the way you like to work - Evo's exceptional style and range of options suit your particular workplace needs, be it individual or collaborative and within conference rooms.
